MVPM Hostels

Many students in Maharashtra from small cities, towns and villages migrate to big cities like Pune, Mumbai etc. for their higher education, professional courses, preparation for competitive examinations etc. and of course for starting their careers in employment or as self-employed professions.

Migrating from small towns to big cities is not an easy journey. Starting from money, guidance for taking admissions, local guardians, remaining in good company (Satsang) has always been a concern not only for students but their parents as well. In case of girl student, the challenge is many fold.

MVPM's Hostel Initiative – Understanding this NEED and CHALLENGES faced by students and their parents, our visionary founders have started providing the hostel facilities for these students. Pune being an education hub, was their preferred location.

Today we have total 8 hostels in Pune and 2 hostels in Mumbai. Over 1000 boys and girl students are availing this facility.

All our hostels are having state of the art facilities including wi-fi connectivity, air conditioned study rooms and libraries, laundry service, CCTV cameras

and 24 hours' security, students are provided with counselling services, mentoring by seniors and ex-hostelries, scholarships for meritorious students and free ship for needy students. The food served is of extra ordinary quality which is prepared and served in a hygienic environment.

When I came in swalamban I did not know about the opportunities in the new world. My Mentor (Best person of my life) CA Prakashji Mundada guided me about the right path in life and decided that for my skill development as well as personality development I should join English classes. He also appointed me as Intern in his own Firm.

While doing internship I lived Hostel Life (Best days of life). There I experienced the culture of Marwari Family & new programs, events & cultural events also. In this journey I made unforgettable friendships of my life.

The Genesis

While being at the forefront of business, industry and trade, Maheshwaris have achieved exceptional feats in educational pursuits too. But business achievements of Maheshwaris are so overwhelming that the community's academic achievements are not widely talked. Having realized this Maheshwari Vidya Pracharak Mandal (MVPM) decided to make its humble contribution towards spreading the true perception. As a step in that direction MVPM instituted MVPM's Maheshwari Scholar Awards in 2012 aimed at giving academic recognition in the advance studies to the community which it owns. The awards recognize extraordinary scholastic achievements in advance studies of such Maheshwaris who can serve as role model and be future think tank for the youth and the community. Scholars are truly inconceivable wealth not merely for our community but globally.

Appeal for Donations

In its journey of over 94 years, Maheshwari Vidya Pracharak Mandal has achieved so many milestones by way of creating hostel facilities, schools, colleges as well helping the Maheshwari youth by providing financial aids under different scholarships. This has helped not only the individuals and their families but it has also contributed in the development of our nation. Students from small towns and villages with very humble background have achieved peaks in their respective fields and have well settled in India as well as abroad.

Several karyakartas who volunteered their Time, Talent and Treasure in making this happen. Of course sustaining and growing such big organization over several decades also requires strong funding. MVPM is very fortunate that it has always received the funding by way of donations from Maheshwari community. On this occasion I would like to express my gratitude to these donors.

Going forward MVPM wants to accelerate its activities and reach out to larger number of students. This growth inevitably requires funds and I am confident that the donations will come not only from the individuals but also from corporate through their CSR activities.

We hereby appeal to all the parents and well-wisher of MVPM to contribute their pie in this noble work.

Sincerely Yours,
